# 2019 Waiver/Policies/Regulations

## Waiver

As a participant in the 2019 San Dimas Wine and Beer Walk Business Display, I hereby waive any and all rights and claims for damages I may have against the San Dimas Chamber of Commerce and the City of San Dimas, their authorized representatives or assigns and hold each and every one of them harmless for any and all injuries offered in connection with said event.

The San Dimas Chamber of Commerce is not responsible for Acts of God such as cancellation or damage to your equipment, materials, display or your loss of income caused by fire, rain, windstorms, earthquake or any other inclement weather. Because the San Dimas Chamber of Commerce expends substantial sums of money in preparation for the Business Display, refunds of booth space fees will not be made in the event the Wine and Beer Walk and scheduled events and displays are canceled in whole or in part by such Acts of God.

I hereby give free use of my name and picture in any broadcast, telecast, or print media account of this event.

## Policies and Regulations

1. Applications and fees must be received no later than September 13, 2019. We only accept complete applications which we process on a first come first serve basis. The Chamber reserves the right to refuse booth space to any individual, group or organization that does not comply with the rules and regulations of the State, County, City of San Dimas and the San Dimas Chamber of Commerce. Chamber officials reserve the right to make whatever adjustments are necessary in booth locations. A copy of your current Resale Permit, if you are selling items, must accompany the application and must be in your booth at all times.
2. **Vendors may begin setting up at 2:30 PM**, Saturday, October 5, 2019, and must be **ready by 4:00 PM**. Vendors must check in at the check-in point designated on the map in your confirmation package and will be escorted to their space by a Chamber Official. **All Display booths must remain open until 8:00 PM Saturday**. Vendors' spaces are to be completely vacated no later than 9:00 PM Saturday.
3. Health Department - A Health Department Permit is required if you are planning to sell, offer samples, or dispense any food product. Health Department fees shall be charged in addition to booth rental fee. Contact the Chamber for details. Vendors who violate this policy shall be asked to close their booth immediately and no refunds will be given.
4. **For the safety of everyone, there is no driving allowed in the event area after 3:30pm. This will allow you time to drop off your material and displays at your designated space prior to the event starting. Important to note -- Because the Wine and Beer Walk does not end until 8pm, there will be NO DIRECT VEHICLE ACCESS ALLOWED in the event area when vacating your space. A loading zone area will be designated at the perimeter of the event to shorten the distance when carrying things out.**
5. Vendors may not sublet any part of their booth. Any equipment that causes excessive noise is expressly forbidden. Unless contracted with the Chamber of Commerce, all participants must furnish their own tables, chairs, easels or other display equipment. No electricity is provided or available. Vendors are encouraged to decorate their displays in a festive way. All items must be within the 10 x 10 area of the booth including any canopies, displays or other items.
6. Should these policies and regulations not be upheld by the vendor, the vendor may be asked to close their booth immediately, and no refunds will be given. No refunds will be given after September 13, 2019.

I acknowledge I have read the above and do fully understand the restrictions and do hereby agree to abide by those rules that have been established by the San Dimas Chamber of Commerce for this event.

## Best Management Practices for STREET VENDORS

San Dimas has two drainage systems – Sewers and Storm Drains. The Sewer is for indoor water and filters water so it can be treated, recycled or discharged to our ocean. In contrast, the Storm Drain system is designed to prevent flooding by carrying rainwater away from streets directly to the ocean.

State and Federal clean water regulations mandate cities to keep everything but water out of our Storm Drains. And yet, our Storm Drains are being overwhelmed with street pollution, including automotive fluids (including motor oil), paint, construction debris, yard and pet waste, pesticides, and litter from citizens and public events, such as street festivals and farmers' markets.

Each day millions of gallons of polluted water from Storm Drains contaminate the ocean, closing beaches, killing aquatic life and increasing the risk of inland flooding by clogging gutters and catch basins.

In an effort to keep our streets and ocean clean, all vendors are required to use the following **Best Management Practices** when hosting a booth at any street festival in the City of San Dimas.

### **VENDORS' RESPONSIBILITIES**

(Read and check each box before you sign below)

#### **Before the Festival:**

- Contact L.A. County Public Works Industrial Waste Section to ensure that your business meets all requirements for disposal of wastes (Call 626-574-0962 from 8 a.m. to 9:30 a.m. Mon-Fri)
- Ensure you meet all requirements of the L.A. County Department of Health Services (626-813-3428).

**NEVER wash or dispose of anything into the Storm Drain! It is a violation of the Federal Clean Water Act and San Dimas Municipal Code Section 14.11.**

#### **During the Festival:**

- Cover the street pavement inside vendor booth with plastic tarp and/or cardboard to protect pavement surface. Absorb grease spatter and other spills with rags or absorbent before removing tarp.
- Empty trash receptacles when filled to 90% capacity. Should the receptacle overflow, ensure that overflow trash is picked-up immediately and disposed of properly.

#### **After the Festival:**

- Check your booth area to ensure that all litter has been removed, and that no spills are left on pavement. Hand sweep area if needed.
- Absorb all grease spatter and other spills.

### **CITY'S RESPONSIBILITIES**

- ✓ During: City staff will monitor event area.
- ✓ After: City staff will check Storm Drain inlets to ensure that no litter entered the catch basin. If needed, remove litter and clean streets with machine sweeper.

*As a vendor working in the City of San Dimas, I agree to abide by the above mentioned responsibilities.*
